Re: Gelis, et al. v. BMW of North America, LLC.,
Civil Action No.: 2:17-cv-7386-SDW-CLW

Dear Judge Waldor:

We respectfully submit the unopposed motion for approval of the Settlement with Objector Charles Federman. The facts have previously been placed before Your Honor in connection with the prior motion for an Indicative Order, which Your Honor approved on May 12, 2021, (ECF 175). Thereafter, on June 30, 2021, the Third Circuit granted the parties' motion to partially remand the matter for the purposes of approving the settlement.

Accordingly, we respectfully request that the Court grant the current motion to approve the settlement with Objector Charles Federman.

Respectfully submitted,

Gary S. Graifman
