RE Case: Civil Action No. 2:17-cv-07386 / A nationwide settlement has been reached in a class action lawsuit against BMW of North America, LLC, entitled *Gelis, et al. v. Bayerische Motoren Werke Aktiengesellschaft and BMW of North America, LLC*, Civil Action No. 2:17-cv-07386, involving the *timing chain and oil pump drive chain modules in certain model-year 2012 to 2015 BMW vehicles.*

Your Honor Cathy L. Waldor, my name is Glen Ebner I'm a retired senior citizen.

I respectfully request your help with this civil case. I have followed through with all outlined requests and submitted my claim timely and followed up with *email requested correspondences with Gelis Claims Administrators.*

Claim number: 70000406 / Claim ID number 1273755
2013 BMW X-3 Vin: 5UXWX9C55DOA20754

My concerns:

1. There's no return correspondence with previous follow-up emails sent for requested correspondences. Emails are not acknowledged or answered why? *Rust consulting filed a Declaration with court on 2/05/2021 states to provide a telephone support phone number for correspondences, which is not posted on their Website Home page for class actions matters?*

2. Rust Consulting responsibilities was to be available in administering the settlement was to establishing, maintaining, and administering a toll-free phone number supported and a website dedicated for class action Members. Which was last updated in July 1, 2021.

This is one of Rust Consulting's primary responsibilities as a claims administration practice that started in 1988 which claims extensive experience in class action matters, with providing notifications to its class action members.

In summary I'm asking the United States District Court for the District of New Jersey for their guidance's and with oversight of Rust Consulting in this civil case to effectuate the duties and responsibilities set forth in the civil settlement agreement.

Respectfully and Thank you for your assistance's,

Glen Ebner
